

Introduction:

WeRateDogs is a Twitter account that rates people's dogs with a humorous comment about the dog. The account was started in 2015 by college student Matt Nelson, and has received international media attention both for its popularity and for the attention drawn to social media copyright law when it was suspended by Twitter for breaking these aforementioned laws.

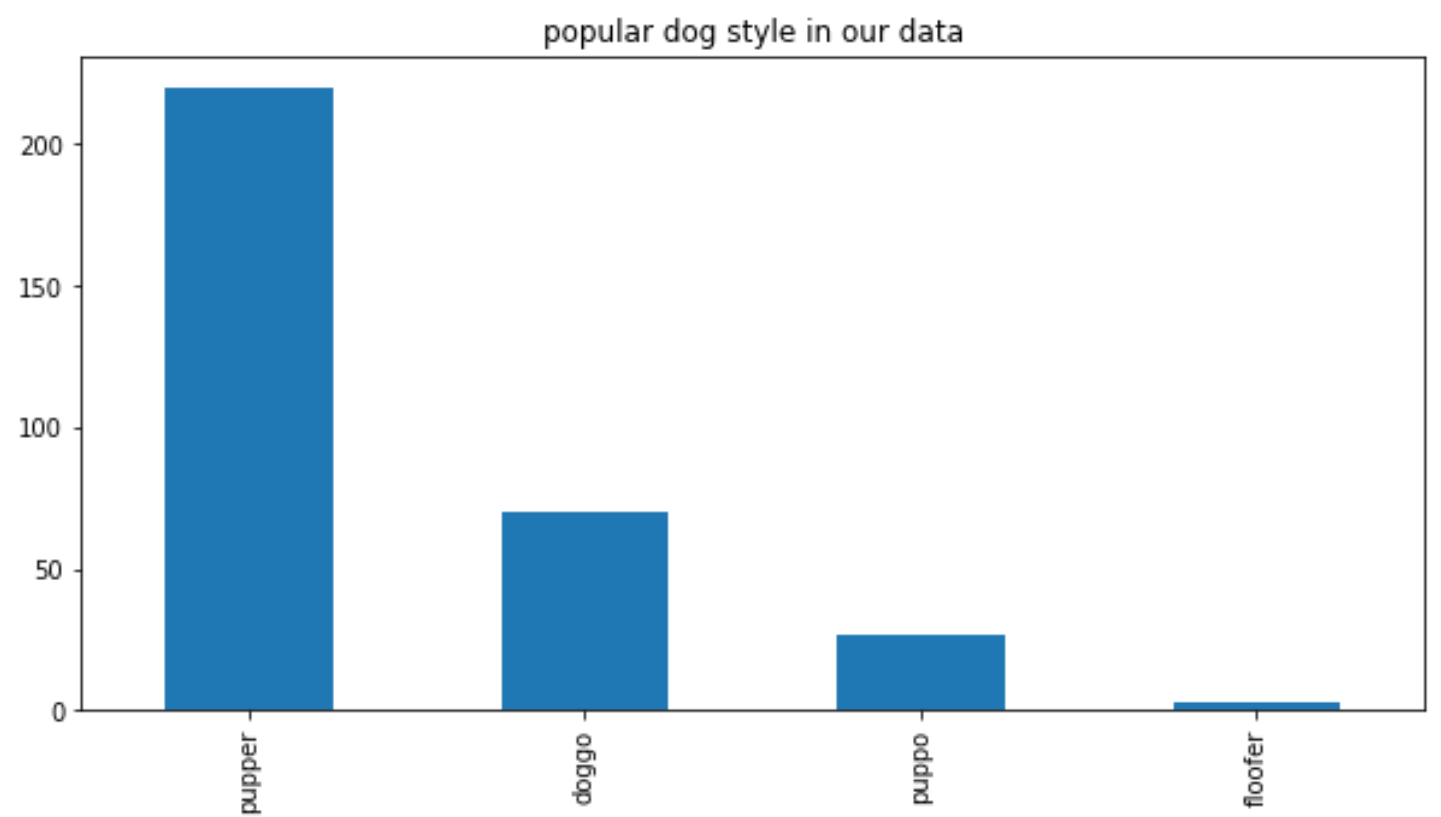

First insight

In this plot I figure out that there is a degradation over time for total number of new tweets per day that tweeted or posted with this account this may be due to novelty of this topic or **trend** as in 2016 the account created and this idea is new tweets per day decreased from 17.5 on average in 01/2016 to almost 2 tweets per day in 07/2017.

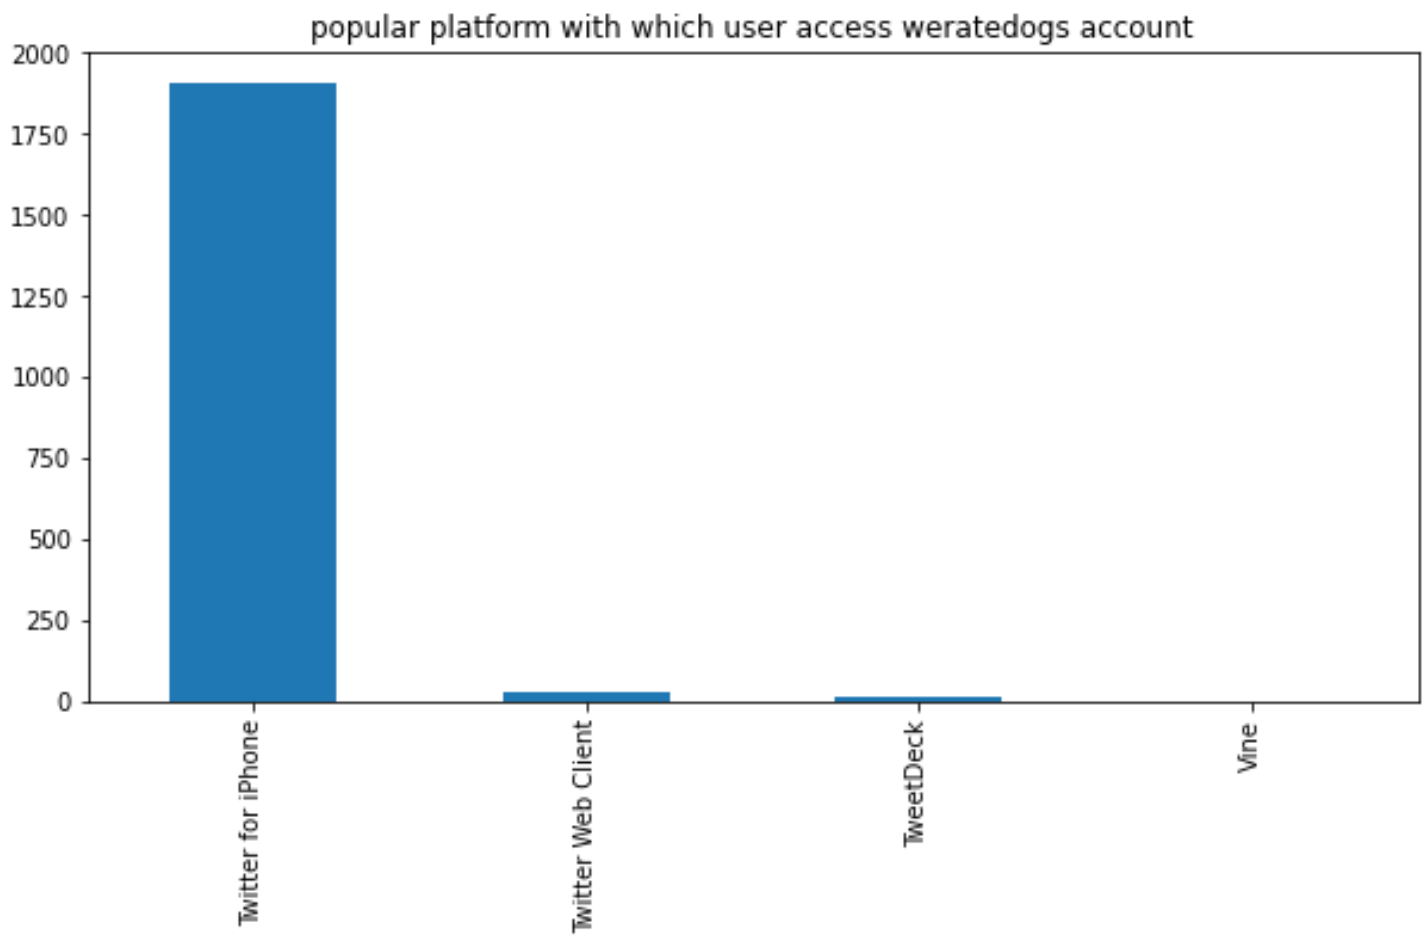

Popular dog style:

After aggregate dog style column to find trend in style for dogs in our data I found that the most popular style is pupper then doggo then puppo and finally floofer
